SUBJECT INDEX

A

Abscess
Bronchogenic cyst presenting as deep neck abscess (McManus et al), 109
Retropharyngeal abscess associated with progressive quadriplegia, an epidural abscess, renal failure, and jaundice (Koopman et al), 114
Treatment of abscesses (de Clercq and Blum), 124 (letters)
Acoustic neurilemmoma
Hearing conservation in acoustic neurilemmoma surgery via the retrosigmoid approach (Smith and Lagger), 168
Acoustic neuroma
Assessing recovery of facial function following acoustic neuroma surgery (Brackmann and Barrs), 88
Hearing preservation in patients with acoustic neuromas via the middle fossa approach (Wade and House), 184
Simultaneous use of CO_2 laser with continuous monitoring of eighth cranial nerve action potential during acoustic neuroma surgery (Silverstein et al), 80
Acoustic reflex testing
Acoustic reflex testing in otoneurology (Clemis), 141
Acoustic surgery
Hearing conservation in acoustic neurilemmoma surgery via the retrosigmoid approach (Smith and Lagger), 168
Acoustic tumor
Hearing conservation in acoustic tumor surgery: Pro's and con's (Clemis), 156
Is it possible to totally resect an acoustic tumor and conserve hearing? (Neely), 162
Acquired immune deficiency syndrome
Kaposi's sarcoma of the head and neck in the acquired immune deficiency syndrome (Patow et al), 255
Pharyngeal obstruction by Kaposi's sarcoma in a homosexual male with acquired immune deficiency syndrome (Patow et al), 713
Action potential
Simultaneous use of CO_2 laser with continuous monitoring of eighth cranial nerve action potential during acoustic neuroma surgery (Silverstein et al), 80
Aerodigestive tract
Complications of CO_2 laser surgery of the aerodigestive tract: Experience of 4416 cases (Healy et al), 13
AIDS (*see* Acquired immune deficiency syndrome)
Airline flight
The professional voice and airline flight (Feder), 251
Airway obstruction
Pharyngeal teratomas causing upper airway obstruction in a neonate with a cleft palate (Lau and Levine), 359
Airway resistance
Role of the nasal airway in regulation of airway resistance during hypercapnia and exercise (Mertz et al), 302
Aminoglycoside vestibulotoxicity
A discussion of the dynamic illegible "E" test: A new method of screening for aminoglycoside vestibulotoxicity (Longridge and Mallinson), 671
Anatomy, cochlear and vestibular
Cochlear and vestibular gross and histologic anatomy (as seen from postauricular approach) (Silverstein), 207

February, pp. 1-126; April, pp. 127-250; June, pp. 251-374; August, pp. 375-492; October, pp. 493-606; December, pp. 607-738.

Angiography
The role of digital subtraction angiography in diagnosis of skull-base lesions (Kinney and Modic), 151
Animal model
Animal model for peripheral nerve grafting (Ellis and McCaffrey), 546
Anomalies, craniofacial
The otolaryngologist's role in the craniofacial anomalies team (Holt and Watson), 406
Antibiotics
Cost-effectiveness of prophylactic antibiotics in head and neck surgery (Mandell-Brown et al), 520
Apnea
Clinical experience with the silicone tracheal cannula in obstructive sleep apnea (Orsini et al), 132
Nonhypersomnolent patients with obstructive sleep apnea (Moran et al), 608
The palatopharyngoplasty operation for snoring and sleep apnea: An interim report (Simmons et al), 375
Videoendoscopic determination of the mechanism of obstruction in obstructive sleep apnea (Rojewski et al), 127
Arterial malformations
Arterial malformations of the middle ear (Sinnreich et al), 194
Artery ligation
A surgical alternative to internal maxillary artery ligation for posterior epistaxis (Anderson et al), 427
Aspiration biopsy
Fine-needle aspiration biopsy of the thyroid gland (Petersen and Greisen), 295
Auditory brain stem response
Resistance of the auditory brain stem response to high barbiturate levels (Marsh et al), 685
Auditory nerve potentials
Monitoring auditory nerve potentials during operations in the cerebellopontine angle (Møller and Jannetta), 434
Auditory system
Electrical stimulation of the auditory system in children deafened by meningitis (Eisenberg et al), 700
Aural cholesteatomas
Immunobiology of Langerhans' cells migrating into aural cholesteatomas (Veldman et al), 1
Autogenous vein
The use of autogenous vein for nerve grafting (Rice and Berstein), 410
Autograft
Use of a composite autograft to prevent recurrent cholesteatoma caused by canal wall defects (Adkins and Osguthorpe), 319

B

Barbiturates
Resistance of the auditory brain stem response to high barbiturate levels (Marsh et al), 685
Barium swallow
Pharyngocutaneous fistula after laryngeal surgery: The role of the barium swallow (Giordano et al), 19
Benzoyl peroxide
Effects of benzoyl peroxide on the stimulation of granulation tissue over major neck vessels (Hughes-Papsidero and Levine), 362
Biopsy
Fine-needle aspiration biopsy of the thyroid gland (Petersen and Greisen), 295
Blom-Singer technique
Tracheoesophageal puncture for voice restoration: Modification of the Blom-Singer technique (Ossoff et al), 418
Bone resorption
Bone resorption factors in chronic otitis media (Moriyama et al), 322
Brain stem
Resistance of the auditory brain stem response to high barbiturate levels (Marsh et al), 685
Branchio-oto-renal syndrome
Clinical aspects of the branchio-oto-renal syndrome (Smith et al), 468
Bronchi
Injuries to the bronchi and lungs caused by laser-ignited endotracheal tube fires (Duncavage et al), 639
Bronchogenic cyst
Bronchogenic cyst presenting as deep neck abscess (McManus et al), 109

C

Calcium sulfate
Calcium sulfate as a mandibular implant (McKee and Bailey), 277
Caloric tests
Caloric tests (Hart), 662
Canal wall
Reconstruction of the posterior canal wall with Proplast (Shea et al), 329
Use of a composite autograft to prevent recurrent cholesteatoma caused by canal wall defects (Adkins and Osguthorpe), 319
Cancer (*see* Carcinoma)
Cannula
Clinical experience with the silicone tracheal cannula in obstructive sleep apnea (Orsini et al), 132
Carbon dioxide laser
Complications of CO_2 laser surgery of the aerodigestive tract: Experience of 4416 cases (Healy et al), 13
Simultaneous use of CO_2 laser with continuous monitoring of eighth cranial nerve action potential during acoustic neuroma surgery (Silverstein et al), 80
Carcinoma
Congenital primary embryonal carcinoma of the forehead in a female infant (Kraus et al), 346
Does the diagnosis of depression in head and neck cancer mask organic brain disease? (Adams et al), 618
In vitro sensitivity and resistance of cultured human squamous carcinoma cells to *cis*-platinum and methotrexate (Spiegel et al), 524

Metastasis of thyroid carcinoma to the paranasal sinuses (Renner et al), 233
T-cell subpopulations in head and neck carcinoma (Johnson et al), 381

Carotid rupture
Carotid rupture without neck dissection (Goodman), 605 (letter)

Cartilage fusion
Experimental studies for correction of superior laryngeal paralysis by fusion of the thyroid to cricoid cartilages (Thompson et al), 498

Cerebellopontine angle
Monitoring auditory nerve potentials during operations in the cerebellopontine angle (Møller and Jannetta), 434

Cerebellum
New concepts of cerebellar control of eye movements (Zee), 59

Children
Electrical stimulation of the auditory system in children deafened by meningitis (Eisenberg et al), 700
Infections of the masseteric space in children (Calcaterra and Karmody), 118

Chinchillas
Tympanic membrane changes secondary to tympanostomy tube insertion in chinchillas (Meyerhoff and Shea), 454

Cholesteatomas
Immunobiology of Langerhans' cells migrating into aural cholesteatomas (Veldman et al), 1
Use of a composite autograft to prevent recurrent cholesteatoma caused by canal wall defects (Adkins and Osguthorpe), 319

Cholesterol granuloma
Petrous apex cholesterol granuloma presenting as cochleovestibular hydrops (McDonald et al), 590

Chondrosarcoma
Chondrosarcoma of the maxilla (Berktold et al), 484

Chordoma
Chordoma: Report of a rare mandibular metastasis (Woolf and Crumley), 237

Circulation
Microsurgical reconstruction of the posterior circulation (Ausman and Diaz), 102

***Cis*-diamminedichloroplatinum (see *Cis*-platinum)**

***Cis*-platinum**
In vitro sensitivity and resistance of cultured human squamous carcinoma cells to *cis*-platinum and methotrexate (Spiegel et al), 524
Ototoxic and nephrotoxic effects of combined treatment with *cis*-diamminedichloroplatinum and kanamycin in the guinea pig (Schweitzer et al), 38

Cleft palate
Pharyngeal teratomas causing upper airway obstruction in a neonate with a cleft palate (Lau and Levine), 359

Clinical laryngology
The role of electromyography in clinical laryngology (Miller and Rosenfield), 287

Clinical responsibility
How to achieve progressive clinical responsibility (Paparella), 493 (editorial)

Clivus
Transsphenoidal surgery for tumors of the clivus (Laws), 100

Cochlear anatomy
Cochlear and vestibular gross and histologic anatomy (as seen from postauricular approach) (Silverstein), 207

Cochlear nucleus implant
Cochlear nucleus implant (Hitselberger et al), 52

Cochleosacculotomy
Cochleosacculotomy (Silverstein et al), 63

Cochleovestibular hydrops
Petrous apex cholesterol granuloma presenting as cochleovestibular hydrops (McDonald et al), 590

Coding and reporting system
An otolaryngology surgical coding and reporting system (Lee et al), 413

Composite autograft
Use of a composite autograft to prevent recurrent cholesteatoma caused by canal wall defects (Adkins and Osguthorpe), 319

Computerized tomography
Fibrous dysplasia of the temporal bone: The use of computerized tomography (Lambert and Brackmann), 461

Congenital epulis
Congenital epulis of the newborn (Clark and Hanson), 353

Congenital nystagmus
Head and eye movements in congenital nystagmus (Furman et al), 656

Conservation surgery
Conservation surgery for laryngeal pseudosarcoma (Leuszler et al), 480

Constrictor muscles
Adaptation in the function of pharyngeal constrictor muscles (Rowe et al), 392

Cooling
The effect of cooling on the photodynamic action of hematoporphyrin derivative during interstitial phototherapy of solid tumors (Jones et al), 532

Cranial nerve
Simultaneous use of CO_2 laser with continuous monitoring of eighth cranial nerve action potential during acoustic neuroma surgery (Silverstein et al), 80

Craniofacial anomalies team
The otolaryngologist's role in the craniofacial anomalies team (Halt and Watson), 406

Cricoid cartilage
Experimental studies for correction of superior laryngeal paralysis by fusion of the thyroid to cricoid cartilages (Thompson et al), 498

Crook-tipped suction tubes
Touma 45-degree crook-tipped 20- and 22-gauge suction tubes (Touma), 488

Crossover evaluation
Prospective crossover evaluation of four methods of clinical management of tinnitus (Mehlum et al), 448

Cryosurgery
Labyrinthine cryosurgery for Meniere's disease—present status (Wolfson), 221
Cuffed tracheostomy "talk" tube
The patient requiring mechanical ventilatory support: Use of the cuffed tracheostomy "talk" tube to establish phonation (Kluin et al), 625
Cyst
Bronchogenic cyst presenting as deep neck abscess (McManus et al), 109
Dermoid cyst of the middle ear and mastoid (Fried and Vernick), 594

D

Deep neck abscess
Bronchogenic cyst presenting as deep neck abscess (McManus et al), 109
Defect reconstruction
Extended latissimus dorsi myocutaneous flap reconstruction of major head and neck defects (Maves et al), 551
Depression
Does the diagnosis of depression in head and neck cancer mask organic brain disease? (Adams et al), 618
Dermoid cyst
Dermoid cyst of the middle ear and mastoid (Fried and Vernick), 594
Digital subtraction angiography
The role of digital subtraction angiography in diagnosis of skull-base lesions (Kinney and Modic), 151
Direct-current stimulation
Neuropathologic changes following direct-current stimulation of the rat sciatic nerve (Chase et al), 615
Dissection, neck
Carotid rupture without neck dissection (Goodman), 605 (letter)
Dynamic illegible "E" test
A discussion of the dynamic illegible "E" test: A new method of screening for aminoglycoside vestibulotoxicity (Longridge and Mallinson), 671
Dysphonia, spastic
Procedures for the selection of spastic dysphonia patients for recurrent laryngeal nerve section (Ludlow et al), 24
Dysplasia, fibrous
Fibrous dysplasia of the temporal bone: The use of computerized tomography (Lambert and Brachmann), 461

E

"E" test
A discussion of the dynamic illegible "E" test: A new method of screening for aminoglycoside vestibulotoxicity (Longridge and Mallinson), 671
Ear
The Fourth International Workshop: Neurologic Surgery of the Ear and Skull Base, 50-108
Ear canal (*see* specific parts)
Eighth cranial nerve
Simultaneous use of CO_2 laser with continuous monitoring of eighth cranial nerve action potential during acoustic neuroma surgery (Silverstein et al), 80
Electrical stimulation
Electrical stimulation of the auditory system in children deafened by meningitis (Eisenberg et al), 700
Electromyography
The role of electromyography in clinical laryngology (Miller and Rosenfield), 287
Endolaryngeal devices
Endolaryngeal devices for perioperative identification and functional testing of the recurrent nerve (Hvidegaard et al), 292
Endotracheal tube
Injuries to the bronchi and lungs caused by laser-ignited endotracheal tube fires (Duncavage et al), 639
Epidural abscess
Retropharyngeal abscess associated with progressive quadriplegia, an epidural abscess, renal failure, and jaundice (Koopman et al), 114
Epistaxis
A surgical alternative to internal maxillary artery ligation for posterior epistaxis (Anderson et al), 427
Epithelial cells
Attachment of *Streptococcus pneumoniae* to human pharyngeal epithelial cells in vitro—mechanism of binding (Anderson et al), 266
Epulis, congenital
Congenital epulis of the newborn (Clark and Hanson), 353
Erythromycin ototoxicity
Erythromycin ototoxicity: Analysis and conclusions based on 22 case reports (Haydon et al), 678
Esophageal voice
Laryngectomee study: Clinical and radiologic correlates of esophageal voice (Daou et al), 628
Estrogen
Estrogen and progesterone receptors in hereditary hemorrhagic telangiectasia (Richtsmeier et al), 564
Exercise
Role of the nasal airway in regulation of airway resistance during hypercapnia and exercise (Mertz et al), 302
Expansion hyoidplasty
Expansion hyoidplasty (Patton et al), 509
External otitis
Neurologic deficit after external otitis (Kotzias and Linthicum), 596
Eye movements
Head and eye movements in congenital nystagmus (Furman et al), 656
New concepts of cerebellar control of eye movements (Zee), 59

F

Facial function
Assessing recovery of facial function following acoustic neuroma surgery (Brackmann and Barrs), 88

Facial nerve
The extratemporal facial nerve (Proctor), 537
Facial plastic surgery
Psychological and aesthetic considerations in outpatient facial plastic surgery (Pastorek), 611
Facial reanimation
Muscle transposition for facial reanimation: Indications and results (May), 85
Fasciitis
Craniocervical necrotizing fasciitis (Spankus et al), 261
Fibous dysplasia
Fibrous dysplasia of the temporal bone: The use of computerized tomography (Lambert and Brackmann), 461
Fistula
Pharyngocutaneous fistula after laryngeal surgery: The role of the barium swallow (Giordano et al), 19
Fistula forceps
Panje-Shagets tracheoesophageal fistula forceps (Panje and Shagets), 601
Flap
Extended latissimus dorsi myocutaneous flap reconstruction of major head and neck defects (Maves et al), 551
Prognostication of myocutaneous flap viability using laser Doppler velocimetry and fluorescein microfluorometry (Cummings et al), 559
Fluorescein microfluorometry
Prognostication of myocutaneous flap viability using laser Doppler velocimetry and fluorescein microfluorometry (Cummings et al), 559
Forehead
Congenital primary embryonal carcinoma of the forehead in a female infant (Kraus et al), 346

G

Glycoproteins
Production of mucous glycoproteins by nasal turbinates in vitro (Patow et al), 424
Graft
Split-rib graft for reconstruction of the mandible (Wersäll et al), 270
The use of autogenous vein for nerve grafting (Rice and Berstein), 410
Granulation tissue
Effects of benzoyl peroxide on the stimulation of granulation tissue over major neck vessels (Hughes-Papsidero and Levine), 362
Granuloma
Petrous apex cholesterol granuloma presenting as cochleovestibular hydrops (McDonald et al), 590
Guinea pig
Ototoxic and nephrotoxic effects of combined treatment with *cis*-diamminedichloroplatinum and kanamycin in the guinea pig (Schweitzer et al), 38

H

Hamartoma
Lingual hamartoma in a newborn (Becker et al), 357
Head movements
Head and eye movements in congenital nystagmus (Furman et al), 656
Hearing
Hearing conservation in acoustic neurilemmoma surgery via the retrosigmoid approach (Smith and Lagger), 168
Hearing conservation in acoustic tumor surgery: Pro's and con's (Clemis), 156
Hearing preservation in patients with acoustic neuromas via the middle fossa approach (Wade and House), 184
Hearing preservation—posterior fossa approach (Cohen and Ransohoff), 176
Is it possible to totally resect an acoustic tumor and conserve hearing? (Neely), 162
Hearing aid
Development of an implantable hearing aid using a piezoelectric vibrator of bimorph design: State of the art (Yanagihara et al), 706
Hearing loss
Stapedectomy revision following sensorineural hearing loss (Lippy and Schuring), 580
Hematoporphyrin derivative
The effect of cooling on the photodynamic action of hematoporphyrin derivative during interstitial phototherapy of solid tumors (Jones et al), 532
Hereditary hemorrhagic telangiectasia
Estrogen and progesterone receptors in hereditary hemorrhagic telangiectasia (Richtsmeier et al), 564
Histiocytosis X
Histiocytosis X of the temporal bone (Kimmelman et al), 588
Homosexual
Pharyngeal obstruction by Kaposi's sarcoma in a homosexual male with acquired immune deficiency syndrome (Patow et al), 713
Hydrops
Petrous apex cholesterol granuloma presenting as cochleovestibular hydrops (McDonald et al), 590
Hyoidplasty
Expansion hyoidplasty (Patton et al), 509
Hypercapnia
Role of the nasal airway in regulation of airway resistance during hypercapnia and exercise (Mertz et al), 302
Hypersomnolence
Nonhypersomnolent patients with obstructive sleep apnea (Moran et al), 608

I

Immunobiology
Immunobiology of Langerhans' cells migrating into aural cholesteatomas (Veldman et al), 1
Implant
Calcium sulfate as a mandibular implant (McKee and Bailey), 277
Cochlear nucleus implant (Hitselberger et al), 52

Implantable hearing aid
Development of an implantable hearing aid using a piezoelectric vibrator of bimorph design: State of the art (Yanagihara et al), 706
Infant
Congenital primary embryonal carcinoma of the forehead in a female infant (Kraus et al), 346
Infections
Infections of the masseteric space in children (Calcaterra and Karmody), 118
Infratemporal fossa
Lesions metastatic to the infratemporal fossa: Report of a case and review of the literature (Kaplan and Duckert), 241
Injuries
Injuries to the bronchi and lungs caused by laser-ignited endotracheal tube fires (Duncavage et al), 639
Instrumentation
Safe instrumentation in laser surgery (Ossoff and Karlan), 644
Interferon
Interferon therapy in juvenile laryngeal papillomatosis (Lundquist et al), 386
The interferons (Richtsmeier), 365
Interstitial phototherapy
The effect of cooling on the photodynamic action of hematoporphyrin derivative during interstitial phototherapy of solid tumors (Jones et al), 532

J

Jaundice
Retropharyngeal abscess associated with progressive quadriplegia, an epidural abscess, renal failure, and jaundice (Koopman et al), 114

K

Kanamycin
Ototoxic and nephrotoxic effects of combined treatment with *cis*-diamminedichloroplatinum and kanamycin in the guinea pig (Schweitzer et al), 38
Kaposi's sarcoma
Kaposi's sarcoma of the head and neck in the acquired immune deficiency syndrome (Patow et al), 255
Pharyngeal obstruction by Kaposi's sarcoma in a homosexual male with acquired immune deficiency syndrome (Patow et al), 713
Kidney failure
Retropharyngeal abscess associated with progressive quadriplegia, an epidural abscess, renal failure, and jaundice (Koopman et al), 114
Knife, myringotomy
Diamond-tipped titanium myringotomy knife (Moretz et al), 368

L

Laboratory, clinical voice
A clinical voice laboratory: Videotape and stroboscopic instrumentation (Morrison), 487
Labyrinthine cryosurgery
Labyrinthine cryosurgery for Meniere's disease—present status (Wolfson), 221
Langerhans' cells
Immunobiology of Langerhans' cells migrating into aural cholesteatomas (Veldman et al), 1
Laryngeal nerve section
Procedures for the selection of spastic dysphonia patients for recurrent laryngeal nerve section (Ludlow et al), 24
Laryngeal papillomatosis
Interferon therapy in juvenile laryngeal papillomatosis (Lundquist et al), 386
Laryngeal paralysis
Experimental studies for correction of superior laryngeal paralysis by fusion of the thyroid to cricoid cartilages (Thompson et al), 498
Laryngeal pseudosarcoma
Conservation surgery for laryngeal pseudosarcoma (Leuszler et al), 480
Laryngeal surgery
Pharyngocutaneous fistula after laryngeal surgery: The role of the barium swallow (Giordano et al), 19
Laryngectomee
Laryngectomee study: Clinical and radiologic correlates of esophageal voice (Daou et al), 628
Laryngology
The role of electromyography in clinical laryngology (Miller and Rosenfield), 287
Laryngoscope
A new laser-laryngoscope coupler (Karlan and Ossoff), 717
Larynx
Experimental studies for correction of superior laryngeal paralysis by fusion of the thyroid to cricoid cartilages (Thompson et al), 498
Opening and closing mechanisms of the larynx (Konrad et al), 402
Pharyngocutaneous fistula after laryngeal surgery: The role of the barium swallow (Giordano et al), 19
Primary myxoid liposarcoma of the larynx (Gaynor et al), 476
Voice quality and intelligibility characteristics of the reconstructed larynx and pseudolarynx (Rizer et al), 635
Laser Doppler velocimetry
Prognostication of myocutaneous flap viability using laser Doppler velocimetry and fluorescein microfluorometry (Cummings et al), 559
Laser-ignited fires
Injuries to the bronchi and lungs caused by laser-ignited endotracheal tube fires (Duncavage et al), 639
Laser-laryngoscope coupler
A new laser-laryngoscope coupler (Karlan and Ossoff), 717
Laser surgery
Argon laser and soft tissue interaction (Gillis et al), 7
Complications of CO_2 laser surgery of the aerodigestive tract: Experience of 4416 cases (Healy et al), 13

Safe instrumentation in laser surgery (Ossoff and Karlan), 644
Selective absorption and control of thermal effects: A comparison of the laser systems used in otology and neurotology (Clark et al), 73
Simultaneous use of CO_2 laser with continuous monitoring of eighth cranial nerve action potential during acoustic neuroma surgery (Silverstein et al), 80

Latissimus dorsi
Extended latissimus dorsi myocutaneous flap reconstruction of major head and neck defects (Maves et al), 551

Lesions
Lesions metastatic to the infratemporal fossa: Report of a case and review of the literature (Kaplan and Duckert), 241
The role of digital subtraction angiography in diagnosis of skull-base lesions (Kinney and Modic), 151

Ligation, artery
A surgical alternative to internal maxillary artery ligation for posterior epistaxis (Anderson et al), 427

Lingual hamartoma
Lingual hamartoma in a newborn (Becker et al), 357

Liposarcoma
Primary myxoid liposarcoma of the larynx (Gaynor et al), 476

Lungs
Injuries to the bronchi and lungs caused by laser-ignited endotracheal tube fires (Duncavage et al), 639

M

Malformations, arterial
Arterial malformations of the middle ear (Sinnreich et al), 194

Malignancy, skull-base
Surgical treatment of skull-base malignancy (Kinney and Wood), 94

Mandible
Split-rib graft for reconstruction of the mandible (Wersäll et al), 270

Mandibular implant
Calcium sulfate as a mandibular implant (McKee and Bailey), 277

Mandibular metastasis
Chordoma: Report of a rare mandibular metastasis (Woolf and Crumley), 237

Masseteric space
Infections of the masseteric space in children (Calcaterra and Karmody), 118

Mastoid
Dermoid cyst of the middle ear and mastoid (Fried and Vernick), 594

Maxilla
A surgical alternative to internal maxillary artery ligation for posterior epistaxis (Anderson et al), 427
Chondrosarcoma of the maxilla (Berktold et al), 484

Mechanical ventilatory support
The patient requiring mechanical ventilatory support: Use of the cuffed tracheostomy "talk" tube to establish phonation (Kluin et al), 625

Mechanisms, laryngeal opening and closing
Opening and closing mechanisms of the larynx (Konrad et al), 402

Meniere's disease
Current status of surgery for Meniere's disease (Glasscock et al), 67
Labyrinthine cryosurgery for Meniere's disease—present status (Wolfson), 221
Titration streptomycin therapy for bilateral Meniere's disease: A preliminary report (Graham et al), 440
Use of streptomycin sulfate in the treatment of Meniere's disease (Silverstein et al), 229

Meningitis
Electrical stimulation of the auditory system in children deafened by meningitis (Eisenberg et al), 700

Metastasis
Metastasis of thyroid carcinoma to the paranasal sinuses (Renner et al), 233

Metastatic lesions
Lesions metastatic to the infratemporal fossa: Report of a case and review of the literature (Kaplan and Duckert), 241

Methotrexate
In vitro sensitivity and resistance of cultured human squamous carcinoma cells to *cis*-platinum and methotrexate (Spiegel et al), 524

Microfluorometry
Prognostication of myocutaneous flap viability using laser Doppler velocimetry and fluorescein microfluorometry (Cummings et al), 559

Microsurgical reconstruction
Microsurgical reconstruction of the posterior circulation (Ausman and Diaz), 102

Middle ear
Arterial malformations of the middle ear (Sinnreich et al), 194
Dermoid cyst of the middle ear and mastoid (Fried and Vernick), 594
Evacuation of the middle ear by sniffing: A cause of high negative pressure and development of middle ear disease (Falk and Magnuson), 312

Middle fossa
Hearing preservation in patients with acoustic neuromas via the middle fossa approach (Wade and House), 184
Middle fossa vestibular neurectomy: An update (Glasscock et al), 216
Retrolabyrinthine vestibular nerve section: A viable alternative to the middle fossa approach (McElveen et al), 136

Mobile Treatment System
The Mobile Treatment System (Silverstein), 489

Mucous glycoproteins
Production of mucous glycoproteins by nasal turbinates in vitro (Patow et al), 424

Muscle transposition
Muscle transposition for facial reanimation: Indications and results (May), 85
Muscles, constrictor
Adaptation in the function of pharyngeal constrictor muscles (Rowe et al), 392
Myocutaneous flap
Extended latissimus dorsi myocutaneous flap reconstruction of major head and neck defects (Maves et al), 551
Prognostication of myocutaneous flap viability using laser Doppler velocimetry and fluorescein microfluorometry (Cummings et al), 559
Myringotomy knife
Diamond-tipped titanium myringotomy knife (Moretz et al), 368
Myxoid liposarcoma
Primary myxoid liposarcoma of the larynx (Gaynor et al), 476

N

Nasal airway
Role of the nasal airway in regulation of airway resistance during hypercapnia and exercise (Mertz et al), 302
Nasal turbinates
Production of mucous glycoproteins by nasal turbinates in vitro (Patow et al), 424
Neck abscess
Bronchogenic cyst presenting as deep neck abscess (McManus et al), 109
Neck dissection
Carotid rupture without neck dissection (Goodman), 605 (letter)
Neck vessels
Effects of benzoyl peroxide on the stimulation of granulation tissue over major neck vessels (Hughes-Papsidero and Levine), 362
Necrotizing fasciitis
Craniocervical necrotizing fasciitis (Spankus et al), 261
Negative pressure
Evacuation of the middle ear by sniffing: A cause of high negative pressure and development of middle ear disease (Falk and Magnuson), 312
Neonate
Pharyngeal teratomas causing upper airway obstruction in a neonate with a cleft palate (Lau and Levine), 359
Nephrotoxicity
Ototoxic and nephrotoxic effects of combined treatment with *cis*-diamminedichloroplatinum and kanamycin in the guinea pig (Schweitzer et al), 38
Nerve grafting
Animal model for peripheral nerve grafting (Ellis and McCaffrey), 546
The use of autogenous vein for nerve grafting (Rice and Berstein), 410
Nerve potentials
Monitoring auditory nerve potentials during operations in the cerebellopontine angle (Møller and Jannetta), 434
Nerve section
Retrolabyrinthine section of the vestibular nerve (House et al), 212
Retrolabyrinthine vestibular nerve section: A viable alternative to the middle fossa approach (McElveen), 136
Neurectomy
Middle fossa vestibular neurectomy: An update (Glasscock et al), 216
Neurilemmoma, acoustic
Hearing conservation in acoustic neurilemmoma surgery via the retrosigmoid approach (Smith and Lagger), 168
Neurologic deficit
Neurologic deficit after external otitis (Kotzias and Linthicum), 596
Neurologic surgery
The Fourth International Workshop: Neurologic Surgery of the Ear and Skull Base, 50-108
Neuroma, acoustic
Assessing recovery of facial function following acoustic neuroma surgery (Brackmann and Barrs), 88
Hearing preservation in patients with acoustic neuromas via the middle fossa approach (Wade and House), 184
Simultaneous use of CO_2 laser with continuous monitoring of eighth cranial nerve action potential during acoustic neuroma surgery (Silverstein et al), 80
Neuropathologic changes
Neuropathologic changes following direct-current stimulation of the rat sciatic nerve (Chase et al), 615
Neurophysiology, vestibular
Vestibular neurophysiology (Barber), 55
Neurotology
Selective absorption and control of thermal effects: A comparison of the laser systems used in otology and neurotology (Clark et al), 73
Newborn
Congenital epulis of the newborn (Clark and Hanson), 353
Lingual hamartoma in a newborn (Becker et al), 357
Nystagmus
Head and eye movements in congenital nystagmus (Furman et al), 656
Positional nystagmus (Barber), 649

O

Obstructive sleep apnea
Clinical experience with the silicone tracheal cannula in obstructive sleep apnea (Orsini et al), 132
Nonhypersomnolent patients with obstructive sleep apnea (Moran et al), 608
Videoendoscopic determination of the mechanism of obstruction in obstructive sleep apnea (Rojewski et al), 127
Organic brain disease
Does the diagnosis of depression in head and neck cancer mask organic brain disease? (Adams et al), 618
Ossicular prostheses
Failures with Plasti-Pore ossicular replacement prostheses (Sanna et al), 339

Histology of extruded Plasti-Pore ossicular prostheses (Gamoletti et al), 342
TORPs and PORPs: Causes of failure—a report on 446 operations (Sheehy), 583
TORPs and PORPs in tympanoplasty: A review of 1042 operations (Brackmann et al), 32

Otitis, external
Neurologic deficit after external otitis (Kotzias and Linthicum), 596

Otitis media
Bone resorption factors in chronic otitis media (Moriyama et al), 322

Otolaryngologist
The otolaryngologist's role in the craniofacial anomalies team (Holt and Watson), 406

Otology
Selective absorption and control of thermal effects: A comparison of the laser systems used in otology and neurotology (Clark et al), 73

Otoneurology
Acoustic reflex testing in otoneurology (Clemis), 141

Ototoxicity
Erythromycin ototoxocity: Analysis and conclusions based on 22 case reports (Haydon et al), 678
Ototoxic and nephrotoxic effects of combined treatment with *cis*-diamminedichloroplatinum and kanamycin in the guinea pig (Schweitzer et al), 38

P

Palatopharyngoplasty
The palatopharyngoplasty operation for snoring and sleep apnea: An interim report (Simmons et al), 375

Papillomatosis
Interferon therapy in juvenile laryngeal papillomatosis (Lundquist et al), 386

Paralysis
Experimental studies for correction of superior laryngeal paralysis by fusion of the thyroid to cricoid cartilages (Thompson et al), 498

Paranasal sinuses
Metastasis of thyroid carcinoma to the paranasal sinuses (Renner et al), 233

Petrous apex
Petrous apex cholesterol granuloma presenting as cochleovestibular hydrops (McDonald et al), 590

Pharyngeal constrictor muscles
Adaptation in the function of pharyngeal constrictor muscles (Rowe et al), 392

Pharyngeal epithelium
Attachment of *Streptococcus pneumoniae* to human pharyngeal epithelial cells in vitro—mechanism of binding (Andersson et al), 266

Pharyngeal obstruction
Pharyngeal obstruction by Kaposi's sarcoma in a homosexual male with acquired immune deficiency syndrome (Patow et al), 713

Pharyngeal teratomas
Pharyngeal teratomas causing upper airway obstruction in a neonate with a cleft palate (Lau and Levine), 359

Pharyngocutaneous fistula
Pharyngocutaneous fistula after laryngeal surgery: The role of the barium swallow (Giordano et al), 19

Phonation
The patient requiring mechanical ventilatory support: Use of the cuffed tracheostomy "talk" tube to establish phonation (Kluin et al), 625

Photodynamic action
The effect of cooling on the photodynamic action of hematoporphyrin derivative during interstitial phototherapy of solid tumors (Jones et al), 532

Phototherapy
The effect of cooling on the photodynamic action of hematoporphyrin derivative during interstitial phototherapy of solid tumors (Jones et al), 532

Piezoelectric vibrator
Development of an implantable hearing aid using a piezoelectric vibrator of bimorph design: State of the art (Yanagihara et al), 706

Placebo
Placebo effect in tinnitus management (Duckert and Rees), 697

Plastic surgery
Psychological and aesthetic considerations in outpatient facial plastic surgery (Pastorek), 611

Plasti-Pore
Failures with Plasti-Pore ossicular replacement prostheses (Sanna et al), 339
Histology of extruded Plasti-Pore ossicular prostheses (Gamoletti et al), 342

PORPs
TORPs and PORPs: Causes of failure—a report on 446 operations (Sheehy), 583
TORPS and PORPS in tympanoplasty: A review of 1042 operations (Brackmann et al), 32

Positional nystagmus
Positional nystagmus (Barber), 649

Postauricular approach
Cochlear and vestibular gross and histologic anatomy (as seen from postauricular approach) (Silverstein), 207

Posterior circulation
Microsurgical reconstruction of the posterior circulation (Ausman and Diaz), 102

Posterior fossa approach
Hearing preservation—posterior fossa approach (Cohen and Ransohoff), 176

Potentials, auditory nerve
Monitoring auditory nerve potentials during operations in the cerebellopontine angle (Møller and Jannetta), 434

Professional voice
The professional voice and airline flight (Feder), 251

Progesterone
Estrogen and progesterone receptors in hereditary hemorrhagic telangiectasia (Richtsmeier et al), 564

Prophylactic antibiotics
Cost-effectiveness of prophylactic antibiotics in head and neck surgery (Mandell-Brown et al), 520
Proplast
Reconstruction of the posterior canal wall with Proplast (Shea et al), 329
Prospective crossover evaluation
Prospective crossover evaluation of four methods of clinical management of tinnitus (Mehlum et al), 448
Prostheses
Failures with Plasti-Pore ossicular replacement prostheses (Sanna et al), 339
Histology of extruded Plasti-Pore ossicular prostheses (Gamoletti et al), 342
TORPs and PORPs: Causes of failure—a report on 446 operations (Sheehy), 583
TORPs and PORPs in tympanoplasty: A review of 1042 operations (Brackmann et al), 32
Pseudolarynx
Voice quality and intelligibility characteristics of the reconstructed larynx and pseudolarynx (Rizer et al), 635
Pseudosarcoma
Conservation surgery for laryngeal pseudosarcoma (Leuszler et al), 480
Puncture, tracheoesophageal
Tracheoesophageal puncture for voice restoration: Modification of the Blom-Singer technique (Ossoff et al), 418

Q

Quadriplegia
Retropharyngeal abscess associated with progressive quadriplegia, an epidural abscess, renal failure, and jaundice (Koopman et al), 114

R

Rat sciatic nerve
Neuropathologic changes following direct-current stimulation of the rat sciatic nerve (Chase et al), 615
Reconstructed larynx and pseudolarynx
Voice quality and intelligibility characteristics of the reconstructed larynx and pseudolarynx (Rizer et al), 635
Recurrent nerve
Endolaryngeal devices for perioperative identification and functional testing of the recurrent nerve (Hvidegaard et al), 292
Procedures for the selection of spastic dysphonia patients for recurrent laryngeal nerve section (Ludlow et al), 24
Reflex testing, acoustic
Acoustic reflex testing in otoneurology (Clemis), 141
Renal failure
Retropharyngeal abscess associated with progressive quadriplegia, an epidural abscess, renal failure, and jaundice (Koopman et al), 114
Resistance, airway
Role of the nasal airway in regulation of airway resistance during hypercapnia and exercise (Mertz et al), 302
Retrolabyrinthine vestibular nerve section
Retrolabyrinthine section of the vestibular nerve (House et al), 212
Retrolabyrinthine vestibular nerve section: A viable alternative to the middle fossa approach (McElveen et al), 136
Retropharyngeal abscess
Retropharyngeal abscess associated with progressive quadriplegia, an epidural abscess, renal failure, and jaundice (Koopman et al), 114
Retrosigmoid approach
Hearing conservation in acoustic neurilemmoma surgery via the retrosigmoid approach (Smith and Lagger), 168
Rupture, carotid
Carotid rupture without neck dissection (Goodman), 605 (letter)

S

Sarcoma
Kaposi's sarcoma of the head and neck in the acquired immune deficiency syndrome (Patow et al), 255
Pharyngeal obstruction by Kaposi's sarcoma in a homosexual male with acquired immune deficiency syndrome (Patow et al), 713
Sciatic nerve
Neuropathologic changes following direct-current stimulation of the rat sciatic nerve (Chase et al), 615
Selective absorption
Selective absorption and control of thermal effects: A comparison of the laser systems used in otology and neurotology (Clark et al), 73
Sensorineural hearing loss
Stapedectomy revision following sensorineural hearing loss (Lippy and Schuring), 580
Septum, anterior
Objective evaluation of anterior septal surgical reconstruction (Mertz et al), 308
Silicone tracheal cannula
Clinical experience with the silicone tracheal cannula in obstructive sleep apnea (Orsini et al), 132
Sinuses, paranasal
Metastasis of thyroid carcinoma to the paranasal sinuses (Renner et al), 233
Skull base
Surgical treatment of skull-base malignancy (Kinney and Wood), 94
The Fourth International Workshop: Neurologic Surgery of the Ear and Skull Base, 50-108
The role of digital subtraction angiography in diagnosis of skull-base lesions (Kinney and Modic), 151
Sniffing
Evacuation of the middle ear by sniffing: A cause of high negative pressure and development of middle ear disease (Falk and Magnuson), 312
Snoring
The palatopharyngoplasty operation for snoring and sleep apnea: An interim report (Simmons et al), 375

Spastic dysphonia
Procedures for the selection of spastic dysphonia patients for recurrent laryngeal nerve section (Ludlow et al), 24
Split-rib graft
Split-rib graft for reconstruction of the mandible (Wersäll et al), 270
Stapedectomy
Stapedectomy revision following sensorineural hearing loss (Lippy and Schuring), 580
Streptococcus pneumoniae
Attachment of *Streptococcus pneumoniae* to human pharyngeal epithelial cells in vitro—mechanism of binding (Andersson et al), 266
Streptomycin
Titration streptomycin therapy for bilateral Meniere's disease: A preliminary report (Graham et al), 440
Use of streptomycin sulfate in the treatment of Meniere's disease (Silverstein et al), 229
Stroboscopic instrumentation
A clinical voice laboratory: Videotape and stroboscopic instrumentation (Morrison), 487
Suction tubes
Touma 45-degree crook-tipped 20- and 22-gauge suction tubes (Touma), 488
Surgery
Analysis of surgical procedures in patients with vertigo (Silverstein), 225
Assessing recovery of facial function following acoustic neuroma surgery (Brackmann and Barrs), 88
A surgical alternative to internal maxillary artery ligation for posterior epistaxis (Anderson et al), 427
Complications of CO_2 laser surgery of the aerodigestive tract: Experience of 4416 cases (Healy et al), 13
Conservation surgery for laryngeal pseudosarcoma (Leuszler et al), 480
Cost-effectiveness of prophylactic antibiotics in head and neck surgery (Mandell-Brown et al), 520

Safe instrumentation in laser surgery (Ossoff and Karlan), 644
Simultaneous use of CO_2 laser with continuous monitoring of eighth cranial nerve action potential during acoustic neuroma surgery (Silverstein et al), 80
Surgery of the inferior turbinates: How much and when? (Mabry), 571
Surgical treatment of skull-base malignancy (Kinney and Wood), 94
The Fourth International Workshop: Neurologic Surgery of the Ear and Skull Base, 50-108
Thyroid surgery (Greisen and Petersen), 298
Transsphenoidal surgery for tumors of the clivus (Laws), 100
Surgical coding and reporting system
An otolaryngology surgical coding and reporting system (Lee et al), 413

T

T cell
T-cell subpopulations in head and neck carcinoma (Johnson et al), 381
"Talk" tube
The patient requiring mechanical ventilatory support: Use of the cuffed tracheostomy "talk" tube to establish phonation (Kluin et al), 625
Team, craniofacial anomalies
The otolaryngologist's role in the craniofacial anomalies team (Holt and Watson), 406
Telangiectasia
Estrogen and progesterone receptors in hereditary hemorrhagic telangiectasia (Richtsmeier et al), 564
Temporal bone
Fibrous dysplasia of the temporal bone: The use of computerized tomography (Lambert and Brackmann), 461
Histiocytosis X of the temporal bone (Kimmelman et al), 588
Teratomas
Pharyngeal teratomas causing upper airway obstruction in a neonate with a cleft palate (Lau and Levine), 359
Thermal effects
Selective absorption and control of thermal effects: A comparison of the laser systems used in otology and neurotology (Clark et al), 73
Thyroid
Experimental studies for correction of superior laryngeal paralysis by fusion of the thyroid to cricoid cartilages (Thompson et al), 498
Fine-needle aspiration biopsy of the thyroid gland (Petersen and Greisen), 295

TORPS and PORPS in tympanoplasty: A review of 1042 operations (Brackmann et al), 32
Touma suction tubes
Touma 45-degree crook-tipped 20- and 22-gauge suction tubes (Touma), 488
Trachea
Clinical experience with the silicone tracheal cannula in obstructive sleep apnea (Orsini et al), 132
Tracheoesophageal fistula forceps
Panje-Shagets tracheoesophageal fistula forceps (Panje and Shagets), 601
Tracheoesophageal puncture
Tracheoesophageal puncture for voice restoration: Modification of the Blom-Singer technique (Ossoff et al), 418
Tracheostomy
The patient requiring mechanical ventilatory support: Use of the cuffed tracheostomy "talk" tube to establish phonation (Kluin et al), 625
Transsphenoidal surgery
Transphenoidal surgery for tumors of the clivus (Laws), 100
Tumor
Hearing conservation in acoustic tumor surgery: Pro's and con's (Clemis), 156
Is it possible to totally resect an acoustic tumor and conserve hearing? (Neely), 162
The effect of cooling on the photodynamic action of hematoporphyrin derivative during interstitial phototherapy of solid tumors (Jones et al), 532
Transsphenoidal surgery for tumors of the clivus (Laws), 100
Turbinates
Production of mucous glycoproteins by nasal turbinates in vitro (Patow et al), 424
Surgery of the inferior turbinates: How much and when? (Mabry), 571
Tympanic membrane
Tympanic membrane changes secondary to tympanostomy tube insertion in chinchillas (Meyerhoff and Shea), 454
Tympanomastoidectomy
Intact-bridge tympanomastoidectomy (Paparella and Jung), 334
Tympanoplasty
TORPS and PORPS in tympanoplasty: A review of 1042 operations (Brackmann et al), 32
Tympanostomy tube
Tympanic membrane changes secondary to tympanostomy tube insertion in chinchillas (Meyerhoff and Shea), 454

V

Vein, autogenous
The use of autogenous vein for nerve grafting (Rice and Berstein), 410
Velocimetry
Prognostication of myocutaneous flap viability using laser Doppler velocimetry and fluorescein microfluorometry (Cummings et al), 559
Ventilatory support
The patient requiring mechanical ventilatory support: Use of the cuffed tracheostomy "talk" tube to establish phonation (Kluin et al), 625
Vertigo
Analysis of surgical procedures in patients with vertigo (Silverstein), 225
Vestibular dysfunction
Comparison of symptoms and laboratory findings in unilateral vestibular dysfunction (Keim), 577
